

## **MRA**

#### Metal tube cutter

The clever solution for cutting metal tubes manually in any position.

This metal tube cutter is especially designed for cramped working places and for chipless cutting processes.

# For manual cutting of metal tubes in any position. Easy to use - first-rate cutting technology.

The patented cutting technique used in designing the MRA is based on the diameter-specific clamping shells and the flexible multi-roller cutting chain. Both these components are made of hardened, wear resistant steel and provide the following advantages:

- Long service life of the components
- The cutting chain is at a right-angle around the tube
- The MRA runs on track rollers on the clamping shells
- Minimum hand movements
- · Tubes made of stainless steel can be cut

#### **FURTHER ADVANTAGES:**

- · Deformation-free and square cut
- · No electricity required
- Requires little space, for use in limited access areas

#### **FOR TUBE MATERIALS:**

- High-alloy steel (stainless steel material e.g. no. 1.40... to 1.45... or 304/316 materials)
- · Low-alloy and unalloyed steel
- Cast materials
- · Non-ferrous metals

APPLICATION RANGE		MRA
Code		790 008 001
Tube 0D		25.0 - 254.0 0.984 - 10.000
Wall thickness*		0.8 - 3.0 0.031 - 0.118
TECHNICAL DATA		MRA
Dimensions		450 x 105 17.7 x 4.1
SCOPE OF DELIVERY		MRA
Metal tube cutter MRA	Pc.	1
Durable storage & shipping case	Pc.	1
Socket head key	Pc.	1
Connection clamp	Pc.	1
<u> </u>	Pc. Pair	1
Connection clamp		•

The technical data are not binding. They are not warranted characteristics and are subject to change. Please consult our general conditions of supply.

 Depends on material. For high-alloy steels, the max. wall thickness which can be processed is 2.0 - 2.5 mm (0.079 - 0.098")

MRA

Clamping shells

### Metal tube cutter

#### **MRA**

Features, application range, technical data and scope of delivery, see page 35.

Multi-roller cutting chains and clamping shells must be ordered separately.

ARTICLE	CODE	WEIGHT OF MACHINE KG	DISPATCH WEIGHT KG	
Metal tube cutter MRA	790 008 001	3.100	8.000	

#### Multi-roller cutting chains MRA

Cutting wheels made from hardened steel.

ARTICLE	TUBE OD		CUTTING WHEELS	ODE		KG	
	[MM]	[INCH]	[QTY]				
Multi-roller cutting chain MRA	25.0 - 114.3	0.984 - 4.500	15	790 008 018		0.500	
Multi-roller cutting chain MRA	114.3 - 254.0	4.500 - 10.000	16	790 008 041		0.900	

#### Clamping shells MRA

Set of two pieces, made from hardened steel. One pair of clamping shells needed for each tube size. Further dimensions of clamping shells are available on request.
